PLAYING EQUIPMENT

- (2) cornhole boards
- (2) 4-bag sets of bean bags in opposing colors
- Free, printable 8-team Cornhole Tournament Bracket (download at BelknapHill.com/resources)

GAME SETUP

Unfold legs and place the cornhole boards opposite each other on a flat surface approximately 27 feet apart.

GAMEPLAY

Keep Cornhole Fever running high throughout the day, week or the whole spring, summer and taigate season by creating a tournament bracket. The stakes? Ultimate bragging rights!

SCORING

- **3 points** – Each bag that goes completely through the hole or any bag accidentally pushed through the hole by an opponent's toss.
- **1 point** – Each bag sitting completely on the board, hanging into the hole, or hanging off the edge of the board but *not* touching the ground.
- **0 points** – Bags hanging off the edge of the board and touching the ground or bags resting on a bag already on the ground.

Awarding Points:

Add up the points scored by each player at the end of each round. The higher-scoring player is awarded the *difference* between their points and the lower-scoring player's points. If players' points are equal, they cancel each other out and no points are awarded to either team for that round.

Example 1: One player scores 5 points and the other scores 3 points. The higher-scoring player's team is awarded 2 points and they throw first in the next round.

Example 2: Both players score 3 points. No points are awarded and the team who went first in the previous round throws first again.

WARNING: Drilling, sawing, sanding, or machining wood products generates wood dust, a substance known to the State of California to cause cancer. Avoid inhaling dust generated from wood products or use a dust mask or other safeguards to avoid inhaling dust from wood products. Wood products emit chemicals known to the State of California to cause birth defects or other reproductive harm.
